New Database - NAXOS Music Library

Please use the newest online database NAXOS Music Library that will be available to us till December 31st 2017. It is a great collection of music records, classic and contemporary, thousands of composer and artist biographies, notes, glossary of music terms and much more.

Campus community may access its content using this URL http://LCCU.NaxosMusicLibrary.com

Off campus students / staff / faculty should login via their Moodle or Portal accounts.

TOOLS for researchers

Statistical Analysis & Graphs
Working with sets of data? Need a graphic visualization for your project? The best solution for you might be an open access software R. You will find a details and user manuals here.

Easy way to manage your references!
Get acquainted and start using one of the reference management tools!

RefWorks - a tool that helps to create a database of references and re-use them in different documents. Download RefGrab-it or Write-N-Cite plug-in to your computer and help yourself with in-text citations. Sign up for your personal account at http://www.refworks.com. Link to user manual or video.

Zotero - Free Open Access (OA) Tool. Functions as internet browser plug-in. Helps to manage your references.
What’s next?

- Implement all Koha modules (acquisition, budget)
- Connect to online full text documents (e-books, institutional repository, etc.)
